SECOND ANNOUNCEMENT

The Department of Mathematics at the University of Ruse, organizes the International workshop

**Nonlinear Difference and Differential Equations and their Applications NODDEA'2017
in the frame of the 56-th University conference
<http://conf.uni-ruse.bg/en/?cmd=dPage&pid=index>.**

The purpose of the workshop is to bring together researchers working on problems for difference and differential equations and their applications to Engineering, Economics and Natural sciences. It is a continuation of two workshops with the same title held in 2009, 2010 and 2012. The workshop is dedicated to the 65th anniversary of Professor Stepan Tersian.

Invited lectures are with duration 30 min. They will be delivered by the professors:.

*Alberto Cabada, University of Santiago de Compostela, Spain,
Virginia Kiryakova, Institute of Mathematics and Informatics, BAS, Sofia,
Maria do Rosario Grossinho, ISEG, University of Lisbon, Portugal,
Mihai Mihailescu, University of Craiova, Romania,
Radu Precup, Univesrity of Cluj Napoka, Romania,
Luis Sanchez, University of Lisbon, Portugal.*

The meeting gives to PhD students and young researchers the opportunity to present their recent works. Contributed talks are with duration 15 min. There will be opportunities for informal discussions.

The workshop is in the frame of 56-th Annual Conference of “Angel Kanchev” University of Ruse. The important links to the conference are as follows:
